

# The Didsbury Pioneer

## Local Lass Accepts A Ring

**ANDERSON — ROSEGOOD**  
St. Stephen's Anglican Church, Calgary, was decorated with white gladioli, chrysanthemums and carnations for the recent wedding of Miss Linda Anne Rosegood, eldest daughter of Mr. and Mrs. J. H. Rosegood of Didsbury, to Mr. James Robb Anderson, son of Mr. and Mrs. S. H. Anderson of Calgary. Archdeacon Madhock officiated at the double-ring ceremony.

The bride, given in marriage by her father, wore a floor-length gown of broad satin over a hooped corset. The gown was of princess style and featured a scooped neckline trimmed with mother-of-pearl. The finger-ring veil misted from a cap encrusted with mother-of-pearl. She carried a white Bible, decorated with a mauve orchid and white heather, from the Highlands of Scotland. Her only jewellery was a string of pearls and matching earrings, a gift of the groom.

The matron of honor, Mrs. Wilma Kinney, wore a white-length dress of dusky red nylon and velvet, with matching cap. The bridesmaids, Maxine and Lillian Rosegood, cousin and sister of the bride respectively, wore similar white-length gowns of peacock blue nylon chiffon with matching headresses. All three attendants carried colonial bouquets of white carnations with yellow centres.

Mr. Eldon Kinney was best man and the ushers were Stan Sissons of Clive and Bill Andrews of Didsbury. The mother of the bride wore a two-piece blue-gray ensemble, with navy accessories, and a corsage of American Beauty roses. The mother of the groom was attired in a beige suit with brown accessories and a corsage of yellow tea roses.

Mrs. Percy Rosegood rendered two solos: "The Lord's Prayer" and "O Perfect Love." She was accompanied at the organ by Miss Bishop. At the reception in the Harris Sky Room, the bride's toast was proposed by Mr. C. E. Sissons of Clive, uncle of the bride.

For travelling the bride wore a black woolen dress topped with a jacket of white orlon. After a honeymoon at the Pacific coast the bride couple will make their home in Calgary.

## KNOX EVENING W.A. HOLDS REGULAR MEETING

Knox Evening Group W.A. met at Mrs. Stauffer's on Monday evening with 16 members and three visitors present. One of the visitors joined the W.A.

Bazaar articles were handed in for roll call. The citizenship topic was given by Mrs. Andrews with a very interesting article entitled "Restoration of McDougall Church at Morley."

The president will attend the joint meeting of the W.M.S. and W.A., to be held in Ponoka on Oct. 4.

Due to other activities it was decided not to have a fowl supper this fall. Devotional was given by Mrs. Helen Kinloch. Meeting closed with a benediction and Mrs. Muriel Cowan conducted the "bit of fun."

## SPRINGSIDE NOTES

(From Our Own Correspondent)

Mr. and Mrs. McKinnon, accompanied by their daughter and son-in-law, from Port Elgin, Ont., were recent guests of Mr. Ezra Thede and Marjorie.

Mr. and Mrs. Verne Wrigglesworth were Sunday dinner guests with Mr. and Mrs. Jack McArthur of Sundre.

Mr. and Mrs. George Innes attended the shower in honor of Miss Sylvia Howson and Mr. Elmer Gilmore, which took place at the home of Mrs. Nooks at Harmattan recently.

Mrs. Swingle of Calgary was a recent visitor with Mr. and Mrs. Lawrence Chandler.

Mrs. Ernie Clarke is visiting with her son-in-law and daughter, Mr. and Mrs. Norman Mitchell and new baby of Lethbridge.

Mr. and Mrs. Artie Chamberlain and family, Mr. and Mrs. Douglas Johnston and Fay, and Ronald Johnston, were Friday evening guests of Mr. and Mrs. Hugh Morton and family.

Mr. Ernie Rosegood of Hamilton, Ont., is spending the harvesting season at the Hugh Morton farm.

## Dorothy McDonald Recieves Scholarship

Miss Dorothy McDonald, daughter of Mr. and Mrs. W. J. F. McDonald of Westcott was the winner of the 1966 I.O.D.E. scholarship. On behalf of Mons Chapter, Mrs. Fred Evans, educational secretary, made the presentation.

Mr. E. T. Wiggins, local school principal, informed the chapter that Dorothy's average in her grade 12 departmental examinations was 87.3 per cent. This, in itself, said Mr. Wiggins, would indicate what a keen student Dorothy was. He said how happy he was to note that Dorothy had chosen the teaching profession for her future work.

In a few well chosen words, Dorothy thanked Mr. Wiggins for his kind remarks and the I.O.D.E. for the honor bestowed upon her.

Mr. and Mrs. McDonald and Mr. and Mrs. Delbert Klineck were guests for the occasion.

Here she is the top student  
**DOROTHY McDONALD**

## Westcott News

(From Our Own Correspondent)

Busy or not, a large crowd from this district took in the show in Didsbury last weekend and all report "The Man Called Peter" was one of the best features seen in these parts for a long time.

Mr. and Mrs. J. Stevenson and family of Sundre visited last Wednesday evening with Dr. and Mrs. J. Dumouchel of Athabasca, at the Herbert Goetjen farm, prior to the Dumouchel's leaving for their home. On the way home the 18-month-old son of the latter couple was taken ill and required medical attention at Red Deer. The young lad came out of it very well and was able to accompany his parents home on Saturday.

Mr. and Mrs. Don Arman and family of Calgary spent Sunday with Mr. and Mrs. Wilshusen and family and Mr. Robert Arman. Combining and threshing was resumed the first of the week and some very big yields are reported. On the whole it's a fair crop, making for happy smiles on the faces of the farmers.

Mr. and Mrs. Jack Robertson were Edmonton visitors last Sunday. The Westcott show has been undergoing a face-lifting, inside and out. Mr. Whitlow is the head man on the job and is responsible mostly for the fine job that is being done.

## YOU CAN SEE... THERE ARE THOSE THAT CAN'T

**SATURDAY IS THE BIG DAY ! ! !**  
That's the day that has been set by the local branch of the I.O.D.E. Mons Chapter, for its annual tag day for the blind. You can see if you read this item: let's make things a little easier for those who haven't the eyesight.

When the ladies wave that white tag in front of you, reach, in your old moth-eaten pocketbook, just as much as you can. A visit to the Blind Institute in Calgary would convince anyone.

Clement Tremblay, of Chicoutimi and Quebec City, is chaired and carried from the range after winning the Quebec Rifle title and the Lt.

## WESTCOTT UNITED CHURCH PLAN CHICKEN DINNER

Westcott United Church W.A. held the September meeting at the home of Mrs. J. Robertson, with 14 members and one visitor present.

Mrs. P. Hasegood opened the devotional. Roll call was answered by "A Book I Would Recommend."

A congregational chicken supper will be held at the Westcott United Church on Nov. 2. Films will also be shown.

Following the business session a hymn was sung, followed by a prayer.

The October meeting will be held at the home of Mrs. R. Shantz.

## South West Didsbury

(From Our Own Correspondent)

Mr. A. D. Sharpe of Athabasca has been visiting with friends and relatives in this district. He spent some time with his niece, Mrs. Ed Clayton and family and was also a visitor with relatives at Carstairs and Crossfield.

Mrs. S. R. Sherman and Sharon, of Warner, are visiting with Mr. and Mrs. J. L. Tuzsle and other relatives this week.

Mr. and Mrs. Donald Weber and Colette and Mr. and Mrs. Cecil Weber and family, were Calgary visitors Friday with Mr. and Mrs. Ernest Good and Mr. and Mrs. Gordon Burgess.

Mrs. A. Davis of Red Deer was a Sunday visitor of Mr. and Mrs. Cecil Weber and family. Miss Gladys Eby, Miss Grace Thompson and Miss Carol Eby, were Sunday dinner guests at the home of Mr. and Mrs. Lynn Hunsperger and family.

Mr. R. Zubich of Stettler was a weekend visitor at the home of Mr. and Mrs. Fred Befus and family. Miss Marilyn Befus, Reg.N., is now on the staff of the Olds hospital.

Mrs. W. F. Reid and Bobby, Mr. and Mrs. Bill Herringshaw and family, and Mr. Ida Levassor were Sunday supper guests of Mr. and Mrs. Delbert Levassor and family.

## IT'S A START COULD BE A GOOD ONE ! ! !

Implementation by the provincial government of the pink slip system for auto insurance is a definite step in the right direction. Any person being involved in an accident will have to produce a pink slip, showing responsibility, or their auto will be impounded.

The new plan for Alberta should be a boon to the many motorists who have faithfully purchased insurance for many years. If more get in the swim the rates should go down. The new system will weed out the irresponsible and the liars who depend on the unsatisfied judgment and to settle their driving flaws.

Accidents occur to the best of drivers and any person who gets behind the wheel of a vehicle should have ample coverage for his own property and that of others. The pink slip system should help to lower insurance rates, and at the same time keep drivers, who are unable to obtain insurance, off the roads. —Strathmore Standard

## Reader Takes A Swing; Editor Gets Cut Down

The Editor, Didsbury Pioneer, Didsbury, Alberta.

Dear Editor:  
We chanced to read your front page editorial in the Pioneer of August 25. I was considerably surprised at the manner in which you took the honorable Mr. Taylor, minister of highways, to task for his apparent neglect of the town of Didsbury. We would say here that while we sympathize with your town, we are thinking of how our minister must feel. Your town is one of hundreds. He is doing his best to get hard surface to you, and trying to be fair to all. If we all jumped down his throat like you do and say "Thank you Mr. Taylor for doing nothing," he would need to be a good man or he would quit.

Why not hold steady? Good gravel roads hold up under quite a strain. They have to because while we are getting hard surface through the province at an almost unthought of rate, it will be years before our government can bring hard surface to all our doors.

Sometimes we think we could have a complaint. Our No. 21 highway not only has plenty of oil trucks, but of heavy trucks of all kinds, besides passenger traffic, etc. We could wonder why our government would hard surface dead-end roads like Rocky Mountain House and Sundre, but we are not going to. No. 9 to 12, and there are likely other districts worse off than us. We are hoping for the best in the shortest time but, in the meantime, why write insulting articles about a man when we have no idea the strain he is under in trying to accommodate every community at the same time?

R. P. KIRK  
Three Hills, Alberta

(Ed. Note: Nothing personal or political about the above-mentioned editorial which our correspondent speaks of. We need the road, deserve the road and from promises given at various times by the government, expected the road; we've been waiting a long time. We still say thanks for nothing; it's still a hole, we repeat, holey, road. Find that one in the dictionary.) Apparently promises are for the birds. They sure don't seem to be for us.

## Harmattan News

(From Our Own Correspondent)

Full Gospel W.A. met at the home of Mrs. M. Knights on Wednesday, Sept. 12. Plans were made for a special meeting to be held next month. Also, a variety show has been planned for the end of October or the beginning of December.

Next meeting will be held at the home of Mrs. A. V. Johnson.

Mr. and Mrs. Garfield Wright and Miss Donna Wright recently moved to Calgary, where they will be residing in future.

Miss Marilyn Knights was a recent visitor to Black Diamond, where she stayed with her grandmother, Mrs. Jane Smith and attended her grandmother's 93rd birthday celebration.

Mr. and Mrs. Mac Chaffey are at present visiting with their daughter and son-in-law, Mr. and Mrs. Bob Turnbull.

## Vimy Currie Wins Golf Cup For 3rd Straight Season

The ladies' section of the Didsbury Golf Club have completed three of the four divisions in the club championship race; only the bronze consolation final same remains to be played.

In the silver division Mrs. Vimy Currie won over Mrs. Dorothy Thuring, in the final round for this group. Mrs. Currie, who has won this honor for the past three years, does not retain possession of the cup permanently but will be presented with a miniature replica. (The editor has to plus here or he won't eat tonight.)

In the silver consolation Mrs. Alf Allen defeated Mrs. Jean Devine.

The bronze part of the tourney was won by Mrs. Lucille Shannon, who defeated Mrs. Grace Folkmann in the final.

## Men's Club Take Over

The men's golf club finally got into action on the tournament trail Sunday when they hosted a few visitors from our northern suburb, Olds. Cliff Sorenson came out on top in

## Highland Notes

(From Our Own Correspondent)

Mr. and Mrs. D. O. Clarke visited at the Eric Lyle home one evening last week.

Mr. Harry McGaffin of Calgary was a caller at the Bob Moore home Friday afternoon.

If the roads around this district aren't maintained soon we'll be tendering for some one to cut the grass between the ruts, they are getting so cut up.

Mr. and Mrs. J. Howton were dinner guests with Mr. and Mrs. Bob Moore on Friday.

## JUCKIN' AGAIN

The disobedient child was made to eat his supper alone at a small table and say "I am sorry."

"Blessed Father," he said. "I thank Thee for the food Thou hast prepared for me in the presence of mine enemies."

## I.O.D.E. Plan

### Annual Tag Day

Members of the I.O.D.E. are busy this week on their annual house-to-house canvass on behalf of the Canadian National Institute for the Blind. This Saturday, September 29, a tag day will be held to enable those not previously contacted to contribute to this worthy cause.

Saturday morning the jaggers will be Mrs. Bill McFarquhar and Mrs. Fay Nichol; in the afternoon it will be Mrs. Frank Kaufman and Mrs. McFarquhar and Mrs. Dale Kimmel and Mrs. Fred Evans will take over the evening chores.

Your generous support is once more solicited.

At the same meeting at which the tag day was organized, Mons Chapter heard a very interesting talk on the consumer question.

When you measure liquids do you place the measuring cup on the table or do you hold it at eye level?

Do you leave your measures in various containers or do you stack them in a drawer?

Which do you prefer for measures, plastic, aluminum or pyrex?

These were just a few questions asked the ladies at a "Deans Display" by the Canadian Association of Consumers. The opinions of those present will be sent to Ottawa to be added to the files determining future designs for measures in Canadian kitchens.

## CHRISTIAN SCIENCE

Man's God-given ability to cope successfully with fear, sickness and all discord will be emphasized at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "Unreality" is the Golden Text from II Timothy (1:7): "God hath not given us the spirit of fear, but of power, and of love, and of a sound mind."

The account of Jahaziel's prophecy and the overthrow of the enemies of Jehoshaphat (II Chronicles 20) will be included in passages to be read from the King James Version of the Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (228:25-27): "There is no power apart from God. Omnipotence has all-power and to acknowledge any other power is to dishonor God."

## SMART FELLOWS

The reason a dog is such a lovable creature is that his tail was instead of his tongue.

## HORRORS !!!

The neighbor was visiting at the farm house when the conversation suddenly turned the way of the farmer's daughter.

"Why didn't you let her stay at that big city college?" asked the neighbor.

"I fidgeted on lettin' 'er stay," said the farmer, "but I put my foot down when they said she had to use the same curriculum as the men-folk."

The less a fellow knows, the more eager he is to prove it to anybody who will listen.

THE IMPORTANCE OF BALANCE TO THE LIFE OF YOUR AUTOMOBILE TIRES

Recently a car dealer came driving into the service department of his local dealer. The car wasn't steaming, but he was.

"These tires should be good for a long time yet," he told the service manager, "but they are starting to give me trouble."

The service manager began an inspection. On each of the tires he found one side was so badly worn that the tread had almost disappeared.

"How could that happen?" the owner asked. The service manager replied with a statement supported by his service department records. "You have never switched these tires since you've owned the car." Some-what embarrassed, the owner made the answer, "I didn't think it made so much difference."

The manager then explained that it did make a difference. In normal use the rear tires wear quicker than the front, right tires wear faster than the left — by regularly rotating the tires — including the spare — a driver can sometimes increase tire life as much as 25 per cent. The happy result of this incident is that this owner is now rotating his tires regularly. Also, from time to time, he brings his car in to have the wheel balance and alignment checked.

### Ramblin'

and

### Roamin'

**Our Crystal Ball Reveals . . .** very little activity on the road program within the town. Following the heavy rains recently there were some water-filled holes you could drown a good-sized dog in. Come to think of it, we know a couple of big barkers that deserve just that treatment.

★

**Our Crystal Ball Reveals . . .** renewed interest in the "rest room project". The local Lions Club are heading the drive and work will commence just as soon as a suitable location has been decided on. Financial aid is expected to come from other organizations within the town and district.

★

**Our Crystal Ball Reveals . . .** tenders will be let shortly for the hospital addition and work may be started by October 1st. Given a weather break for a few weeks the skeleton of the new building should hit the skyline before the snow gets too deep.

★

**Our Crystal Ball Reveals . . .** renewed interest by some merchants on the "front street" in the outside appearance of their buildings. The "main stem" down our way continues to lead the way in making our town look a little cleaner, a little brighter. We get no commission from the paint companies but we would like to see a bit more of it sold hereabouts.

★

**Our Crystal Reveals . . .** the main line for natural gas cutting its way into town from the east. Our sphere doesn't reveal when the tap will be turned on to supply the new heating fluid but rumors say it will be soon.

★

**Our Crystal Ball Reveals . . .** that the only person going easy on the taxpayer's money these days is the taxpayer. He has to!

★

**Our Crystal Ball Reveals . . .** a school question period when the class are being asked for examples of coincidence. Long silence, then a small boy says: "My father and mother were married on the same day."

### Farmers Have A Dilemma . . . Yes?

The problem of balancing income against expenses which is so much concern to Canadian farmers seems to be common to farmers in most countries of the world.

A recent survey by the Food and Agriculture Organization of the United Nations reveals that although world farm production in 1955-56 was up 3 per cent over the previous year, prices were down and so was farm income. The consumer, says F.A.O., is caught in the middle and is benefitting little from the heavier production or the lower farm prices.

The survey also revealed that the marketing margin — the spread between what the farmer receives and the consumer pays — was 3 per cent higher in the first quarter of 1956 than in the same period a year ago.

Another F.A.O. survey has shown that farmers in Canada and the U.S. are caught the hardest in the price-squeeze. Between 1952-53 and this spring prices received by Canadian farmers have dropped 17 per cent, while in the same period the cost of the goods they needed advanced by 3 per cent.

Says F.A.O., "the basic dilemma of most governments is how to reconcile their responsibilities to maintain the economic position of farmers and at the same time provide consumers with good supplies at low prices. Prices have continued to move against the farmer in most countries. Farm income appears generally to have declined between 1954 and 1955 . . . in sharp contrast to the rising trend of incomes in other occupations."

### NEW SWITCH

A rich Texan, just to keep himself busy, bought a gas station and really fixed it up luxuriously. Everything was porcelain and chrome, and in western style. He wore a big white ten-gallon hat and two pearl-handled revolvers.

One day a big shiny Cadillac came to a screeching stop at one of the gas pumps, and the colored owner-driver said: "Fill it up."

The Texan just said: "On your way boy, on your way."

The colored man repeated his order, only to get the same answer.

**TREE PLANTING:** You may wonder why I am writing about this subject at this time of year. This is a wonderful "next year" country and, since some of you are planning on planting some trees next spring, we must make sure of a few things.

Is your land ready? You can't place too much emphasis on having the land really well worked for at least one year (two years is better) before placing the new trees into the ground. Since trees can be had for free and the planting of them costs nothing, some people are inclined to let the weeds grow after the trees are planted, and more or less ignore or neglect to be "good husbandmen."

After we have spent time and energy ordering and planting the trees we would certainly like to see them well looked after.

During the course of the next few weeks, as time permits, I hope to be able to inspect some, if not all, of the places where trees have been ordered for next year. The purpose of this visit is to make sure the land is weed free and well summerfallowed. Wherever we find that this is not the case, it is our option to cancel your tree order or at least set it back for one more year. Land must be well summerfallowed. There is no alternative.

Better give your land a real thorough going over now if you intend to plant trees next spring.

Then to punctuate his demand, the Texan picked up an empty oil can and threw it into the air and whipped out his revolver and shot the can full of holes before it hit the ground. Without a word, the colored man threw an apple into the air, whipped out a razor, and peeled the apple completely before it hit the ground.

Then quietly, he said: " . . . and a quart of oil."

## To The People Of Didsbury

My Friendly Advice Re Your House Installation For Gas:

Time is running short and the gas is on its way, so let us be ready when the Gas. Co. gets here.

Also these getting their work done now will pay less than those that wait.

There is a steel industry strike on and that means the cost of pipe and fittings and all things made from steel will of course go up.

Let me estimate your job for you NOW

## By The Way

Contributed by  
**REV. T. J. STANTON, M.A.**

**THE CLAIMS OF TOMORROW**  
George Stephenson started something when he invented the steam engine. His engine has proved to be a long step forward in the affairs of men and nations. When Stephenson was being questioned in the House of Commons, he was asked: "If a cow should stray on the track, when an engine is going 10 miles per hour, would it not be an awkward situation?" "Yes," said Stephenson, "for the cow."

There were many objections raised, some of which were of this nature. The train would go twice as fast as the stage coach, and that would put the coach out of business. There would be no use for horses. The country inns would be ruined. The holdings would be divided by the tracks, and "the noblesse would be destroyed."

Henry Ford started something. His was not a lone beginning in his field. He was the first, however, to put his product out at a price that invited many buyers. His Model T was also reasonably fitted to plod over places and spaces where roads were as yet unbuilt.

The Wright brothers started something. They did not proceed to mature their invention, nor did they seek to put it on the market. Its future became at once so certain that many were anxious to go ahead and build it. In all these lines of transportation there are yet many happy surprises awaiting man. Yet anyone with any knowledge of the trend of today, and not lacking faith in the possibilities of the future, must see the plane steadily increasing in its services to mankind.

To mention a few new services: the family cars will give some place to family planes. These will land on lawns, in lanes and on house-tops built for the purpose. They will be used for going shopping, visiting the neighbors, going to school and church, and for taking holidays.

Planes are now being used by ranchers in taking care of their cattle, and for chasing coyotes. Farmers find them useful for spraying weeds and seeding fields.

Flying box cars and flying vans will do work now being done by freight trains and trucks. Passenger trains and buses will be more complete more and more with airborne traffic. Small houses may have wings instead of wheels.

Commerce will be carried on in the air. Not where shall we park, but where shall we land, will be the question of the day.

Schools and recreation centres will follow the trend. They are most certain to become larger and farther apart. Education will of necessity become more technical. The more man seeks to make use of nature's forces, the more necessary it will be to understand minutely the laws which govern such forces.

However, there will always be a place in true culture for the charm of music, the beauty of literature, the challenge of art, as well as for a knowledge of the records, deeds and sacrifices that have enriched the experiences of earlier ages.

It is not the way man travels, nor the build of his house, nor the style of his clothes, that matters. It is rather the character and quality of the people and their heart-felt beliefs. The 21st century may be an oasis in the desert of time or it may be a muck of death and despair. This will depend as to whether man used wisely or unwisely the good that is available to him.

People asked Columbus: "What will hold the world up?" "What will keep the water in the pools?" and how can man stand on a round earth?" These questions have been answered. So will the questions of every new day be answered, as man moves onward, age after age, in his determination to realize and to fulfill the purpose of his Maker.

It is always wise to remember that it is through faithfulness and genuine devotion to the highest, that any age is enabled to make its proper contribution to the next. There is grace sufficient for the 20th century. There will be grace sufficient for the 21st century.

## Guest Editorials

**AT LAST... IT'S DIGESTED!!!**  
This office gets piled high with papers, read and unread. Once in awhile some come to pick them up for firing a coal stove. Now and then someone comes in to get papers for a brooder house floor.

So far the disappearance of coal and the tenderness for chick raising to be done on a large scale, it looks as if the News office boy is going to have to resort to dumping the papers in the burner. This offends the editor's economical nature.

At last, however, we have news of a projected plan for disposing of newspaper, wrapping paper and so on, efficiently, and to some purpose. Researchers think that discarded newspapers, being largely made of cellulose, will make cheap animal feed. So far the research people say that the ink doesn't bother the cows and that they really enjoy shredded newspaper dampened down with a little molasses.

We may find at long last that our editorials will really be digested.

— Nanton News

**PATRONIZE HOME TRADE**  
**IT PAYS IN THE LONG RUN!!!**  
The crochets of the "away fields" are greener unfortunately, is often hoisted into the realm of business, causing loss of money and much anguish.

The facts actually are that you always buy better at home and, in doing so, play a part in community building. In hundreds of cases each year it is illustrated that numerous items put forth by local tradesmen and merchants in this town are far superior to other centres in quality and workmanship.

The erroneous opinion that you must buy any item outside the community dates back to the "horse and buggy days," and is as phony as a three dollar bill.

Naturally, on rare occasions, some items in every line are reduced to a low price outside of the town, but each time purchasers find that the "bargains" are inferior in quality and workmanship.

Be a wise shopper... regardless of the item you seek... make your first call on your local merchant, tradesman or machine dealer. You will always do better and constantly be agreeably surprised at the value and service.

Business-wise, each dollar you spend in your own community is another opportunity for expansion and, in time, comes back to you.

— Innisfail Province

## WILL THE SUEZ

**BE ANOTHER MUNICH?**  
Will the Suez Canal crisis develop into another Munich? This is the question that is confronting people and diplomats alike as they look at the Western powers. There is very strong evidence that the situation will be solved without violence.

Egypt's Arab supporters are already beginning to feel the loss of their rich oil markets. This is cash business, and their fingers itch for gold and the power it gives them. At the moment the greatest fear is that Egypt, or some other Arab state, will attack Israel.

This would start a real conflict and one that would require world powers to declare their position.

Another incident has entered the picture, one given little consideration by the world at large. The Japanese were trying to negotiate a peace treaty with Soviet Russia, but Russia has insisted upon keeping the string of islands to the north of Japan that she has occupied ever since hostilities ended.

This is the first time that Soviet Russia has been manoeuvred into a position where she had to admit to colonial aspirations through conceding so play a part in communiquing. The United States immediately would not leave Okinawa unless Russia moved out of the Sakhalin Islands.

This is a diplomatic triumph for the United States. At the same time, it is reported that many wealthy Chinese, who were able to liquidate a part of their fortune before the Communists took over, have been transferring their funds to Canada and Switzerland, fearing a sudden coup by Red China or the British possession of Hong Kong. Up to the present time Hong Kong has served the Reds to good advantage.

It was better than not having any outlet to the outside world, but now the Reds are feeling their oats and are ready to demand from the world that Britain give up her position on the coast of China.

How will the United States look upon any aggressive move here on the part of the Chinese Communists? Truly, the world is in a state of turmoil.

— Camrose Canadian

The Drumheller Mail comments on the education question... Sidney Smith, president of the University of Toronto, said that 40 per cent of the university's first-year students could not pass "basic English." His sharp comments included the statements that if such students had a thought, they could not express it; they could not spell; they knew no grammar.

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

President Taylor has returned from Indiana after a successful meeting with the various boards of the United Missionary Church. Mrs. Taylor and family met him in Calgary.

Mrs. Lydia Suder took charge of both Sunday services in the Montromery United Missionary Church. Mrs. Taylor and Miss Eby took a few days holiday in Edmonton this week. While there Mrs. M. A. Finlay celebrated her birthday.

The ladies of the church have rallied once again to clean in the school. This coming Thursday they will come again to finish the rooms for the students, who will soon be coming in.

Mrs. Edna Eby, who will be cooking in the school this winter, is busily engaged in renovating the kitchen. The shelves for the dishes have been beautifully painted, some furnishings re-arranged, and pantry shelves well stocked with canned goods by this industrious lady and her friends.

Little Marilyn Eby was in hospital last week having her tonsils removed. The first thing she saw after the operation was a lovely doll that her parents had bought for her. She was a good patient and is home again enjoying the many things her grandparents and relatives gave her. Miss Lois Suder will be returning from out of town about Sept. 29. She has been engaged in work in Victoria during the summer months.

### Notes From D.A.

By Howard J. Fletcher

Dairy men in Alberta lose \$200,000 a year with mastitis. It is caused by various bacteria or germs entering the udder through the external opening in the teat; there are two types, chronic and acute. Calves are a big factor in mastitis losses. Exposure to cold, draughts and cold floors are in many cases the main factor. Bruises caused by rough or broken stalls and gutter edges may cause the start of this disease.

The disease may be spread by unsanitary milking procedures to the whole herd from one cow. There are drugs available for the treatment of this disease but in many cases only limited success is recognized with their use. When the infection is the chronic form, permanent injury to the udder usually results.

Prevention is the best program, and this is just good sound management practice. Prevention factors are to eliminate machinery, wire, etc. in the yards, which might cause teat injury; barns and stalls constructed to prevent next cows stepping on teats of cows lying down also eliminate any rough broken gutter edges. Ensure plenty of bedding to prevent floor injury and coldness; draughts especially near doors, should be avoided.

The milking should be carried out in a careful manner; milking machines can injure udders. A good milking procedure would be to wipe udders with a cloth rinsed in disinfectant, disinfect teat cups on machines and do a good job in cleaning equipment after milking. A strip cup should be used when the disease is suspected. You can then easily detect the flakes or clots associated with the disease.

Bungalows  
by Burro

The United Nations estimates that 150 million families live in underdeveloped areas lack adequate housing.

One answer is a frameless, build-it-yourself house designed by Canadians of Canadian aluminum. It needs no foundation; is non-corrosive and verminproof; is so lightweight that it is packed in cartons easily carried by plane, jeep or even burro.

The Colombian government has ordered 3,200 of them to help relieve the shortage of rural housing in that South American country. So it's not surprising, with aluminum travelling so far and doing so much, that Alcan is again increasing its smelting capacity in both Quebec and British Columbia.

ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

### CREMONA NEWS

(From Our Own Correspondent)

Correction, please, on the date of the Home and School meeting. They will be held on the first Wednesday evening of the month, instead of the second Wednesday, as announced in last week's paper.

The first C.G.T. meeting has been announced for Monday evening, Sept. 24. Mrs. Young and Mrs. McElin are again group leaders.

Mrs. A. Whitlow and daughters were weekend visitors at D. Youngs.

Leo Klobodner and Leslie Ronquist are working near Radium.

Sheila Hewitt, daughter of Mr. and Mrs. Bruce Hewitt, fell a week ago Saturday and broke her collar bone. She is back in circulation again, with her arm in a sling.

The Cremona Students' Union has re-organized. The new officers are: Shirley Roberts, president; Rosemary Whitlow, vice-president; secretary, Shirley Penner and treasurer, Brian Whitlow. Myrtle Reid is chairman of the entertainment committee.

D. Rattray and Wm. Tippe have commenced construction on their new homes in Cremona.

Mrs. Dave Sirt spent several days in Calgary last week.

Weekend visitors at the Lane residence were Mr. and Mrs. G. Beecher and family.

### MOUNTAIN VIEW W.I. DONATE MIXER TO LOCAL HOSPITAL

The regular meeting of the Mountain View W.I. was held in the evening of Sept. 19, at the home of Mrs. James Worrall, with nine members and two visitors present.

A G.E. electric food mixer will be donated to the hospital kitchen. A donation of \$6.00 was given to Mrs. L. Hunter, supervisor of the girls' club, to buy prizes for its handicraft exhibit in the spring.

Miss Arlene Nelson, district home economist, will be guest speaker at the October meeting at Mrs. Trev Morgan's.

The handicraft list was discussed for the next conference. A contest arranged by Mrs. Wood was won by Mrs. Gebers and Mrs. Ed Blain.

The ten-cent draw was won by Mrs. Daisy Mae McCoy.

## WEDDINGS

DAVIS — McGAFFIN

A wedding of interest to the many friends of Rev. and Mrs. Robert McGaffin, formerly of Didsbury, was celebrated at the First Four-square Church, Vancouver, B.C. on Sept. 1 at 3 p.m., when their eldest daughter, Jacqueline Rose, was united in marriage to Mr. Clinton Davis.

Rev. Guy Duffin performed the ceremony in front of a white gate and bower of bronze, copper and red dahlias.

The bride, given in marriage by her father, was beautifully attired in a white nylon lace dress, made in fitted style, with lily point sleeves and bouffant skirt sewn with tiers of soft ruffles. She carried her white Bible, covered with red roses and white satin streamers.

The bride was attended by her cousin, Mrs. Edna Bielech, formerly Edna Pukerth of Didsbury, and Miss Patsy Majors of Vancouver, gowned in mauve and yellow nylon net respectively and carrying yellow carnations and wearing matching headpieces.

She was preceded down the aisle by her small sister, Janet, as flower girl, who wore coral net over taffeta, trimmed with pearls.

The groom was attended by his brother, Mr. Harold Davis and Mr. Ted Fritzke.

Mrs. McGaffin, mother of the bride, chose a shimmering suit of lovely soft wool with navy accessories and wore yellow carnations. Mrs. Davis, mother of the groom, wore navy with pink carnations.

Miss Muriel Gustafson sang "The Wedding Prayer" during the signing of the register, after which the wedding party came through the white gate and down to the main body of the church.

A reception for 42 guests was held at the home of the bride's parents. Mr. James Nelson was toastmaster. Out-of-town guests included Mr. and Mrs. Riley Moon of Nanton, Mrs. W. C. Moon Jr. and Mrs. W. C. Moon Sr. of Didsbury and many others from Alberta and B.C. The happy couple left for a honeymoon in Alberta and have now taken up residence in Vancouver. Pictures and tape recordings were taken of the wedding and reception, which will be of interest to the many friends and relatives who were unable to attend.

### JOB FOR THE PRINTER?

"We have everything on the menu today sir," the waitress said. "So I see," replied the customer. "How about bringing me a clean one."

**Little Items of Local Interest**

Miss Gladys Eby was a dinner guest of the Lynn Hunzinger family on Sunday.

Mrs. Glen Thompson and Terry, of Red Deer, were Didsbury visitors last Thursday.

Mrs. Joan Calhoun and Mrs. Betty Moon were co-hostesses at a miscellaneous shower last Friday evening for Mrs. Allan Freeman. The home of Mrs. Calhoun was the scene of the activities.

Mr. Ed Watkin suffered a painful and crippling injury when he fell from a ladder, at the elevator he operates, on Tuesday. Ed was admitted to hospital but was released on Wednesday, suffering a broken heel bone.

Mr. and Mrs. John Rowland visited with relatives in Didsbury and Red Deer last week, prior to leaving for their home in Ottawa.

Mr. and Mrs. J. R. Banta of Calgary visited their daughter and family, Mr. and Mrs. J. A. Shannon, over the weekend.

Mr. and Mrs. Joe Kynel leave Sunday to take up residence in Edmonton.

Miss Phiroza Ali left Sunday by air from Calgary to resume her studies in home economics at McGill University.

Dr. and Mrs. C. T. McNichol were visitors in town on Saturday.

Mrs. M. Colwell and Dougie spent the weekend at the E. B. Grange home.

Mrs. W. M. White of Chilliwack, B.C., mother of Mr. O. O. Feeg, and Mrs. Albert Whyte of Great Falls, Mont., sister of Mr. Feeg, arrived last week to visit with friends and relatives in the district.

Mr. and Mrs. H. McKinnon of Carstairs entertained at their home on Saturday evening, in honor of Don Freeman, who leaves this weekend to take a position in Edmonton.

Mrs. E. Jenkins received a letter this week from her son Denis, who is stationed with the R.C.A.F. in France. Denis has his family with him and the two boys attend school at the station, where some Canadian teachers are in charge. Eleven-year-old Gerry has been a busy boy this summer as he is master of ceremonies on a half-hour radio program for children, produced every Thursday over the local station.

Mr. E. N. Boettger arrived in our office the other day with the granddaddy of strawberries grown in this area. It's of the rich red type, a new model for this area. He reports he has a good crop of them and as yet frost has not retarded their progress. It's on display in the Pioneer office but to keep some eager person from tasting the juicy morsel we have placed it in a spot where you can see it but not eat it.

—Commencing October 1st, the 7:01 p.m. bus will be leaving the Didsbury terminal at 6:06 p.m.

Miss Lorna Wiggins left Wednesday for Naramata, B.C., to enter the Youth Training Centre there.

Miss Veleta Watkin, Miss Pat Halliday, Miss Viola McNaughton and Mr. Lyle Ford left the first part of the week for Edmonton to enter the University of Alberta.

Mrs. Betty McMullen left at the weekend to visit with relatives and friends in the Lethbridge area.

Mr. Don Freeman leaves Sunday for Edmonton, where he has accepted a position with the T. H. Peacock Garage.

A red line under your name means your subscription is overdue.  
A blue line means your subscription is coming due next month.

**GENES OF THOUGHT****USEFULNESS**

Every man is useful to his kind by the very fact of his existence. Who said it? — Thomas Carlyle

Dr. H. W. Epp left Monday to attend a four-day medical convention in Calgary.

Mr. and Mrs. Ward Sherrick and sons, who had been residing at Elkhart, Indiana, for the past three years, have taken up residence in Portland, Ore. Their many friends in the district will be pleased to hear that the couple are now employed by an electronic company in that area.
